# Jazykové rozhraní stránky Thomson je třeba změnit na angličtinu v levém horním rohu stránky (ikona zeměkoule). V české verzi se neukáže software ke stáhnutí !!!

- 1. Install the latest software version for your TV by downloading it from commercial websites.
- 2. Search in the **Chassis VS Model** file to find the chassis of the TV.
- 3. Find the right project ID for your model by searching in the **Project ID List** file of that chassis.
- 4. And modify the project ID according to the **Project ID Modification procedure**.
